FRESHMAN STUDENTS

To be considered for admission to CI, you must complete the following by the end of spring:

❑ Will graduate from high school or complete a GED.
❑ Have or will have completed the 15 unit pattern of A-G college preparatory course work with a grade of C- or better.
❑ Meet the CSU Eligibility Index, which is the combination of your high school GPA and your test score on either the SAT (critical reading + math) or ACT composite score.
   • If you have a GPA of 3.0 or above, you qualify with any score.
   • The GPA is calculated from your 10th, 11th, and 12th grade A-G college prep courses.
   • The Eligibility Index is calculated using either the SAT or the ACT formulas:
     \[
     \frac{\text{High School GPA} \times 800}{\text{SAT Reasoning Score}} + \text{Eligibility Index} \\
     \frac{\text{High School GPA} \times 200}{\text{ACT Score}} + 10 \times \text{Eligible Index} = \text{Eligibility Index}
     \]
   • The minimum Eligibility Index needed for California High School graduates is 2900 using the SAT (critical reading + math) or 694 using the ACT composite score. Non-CA residents need a 3502 using the SAT or 842 using the ACT.

NOTE: The CSU will accept both old and new SAT exam scores from students currently in grades 9-12 (graduating before 2020). CSU applicants are not required to complete the optional essay portion of the test.
