Sunny skies and manicured greens attract golfers; money raised for athletics

The CSU Channel Islands Dolphin Classic Golf Tournament took place Monday under warm, sunny skies at Spanish Hills Country Club in Camarillo. Athletic Director Carl Reed and Gary Trumbo (left photo) take turns at the microphone to greet more than 88 golfers and 25 volunteers to an eventful day of golfing, skills competitions, hole-in-one competitions and a Million-Dollar Shootout. Tournament officials measure the golf ball closest to the hole for the Aspen Helicopters Ball Drop (center). CSU-CI President Richard R. Rush (right) celebrates victory with Tournament winners Tom Brimigion, Jeff Dottl, Wayne Scott, and Mike Donohue.

A student, staff, faculty, and alumni team also participated - Charles Harrington, Kathy Musashi, Beth Hartung, Austin Dias respectively (lower right) - as well as members from CSU-CI Lacrosse, Sailing, and Cycling Clubs. Proceeds benefit CSU-CI's intercollegiate athletics program.

Pardon Our Progress . . . Parking IS Available!

While some may have the impression that parking is scarce on campus, Police and Parking Services want to assure the campus community that despite the closure of Ventura Road from Los Angeles Avenue to parking lot A-4 due to the Campus Infrastructure Project, there is still access to the A3, A4 and A11 (behind the Hub) on the northwest side of campus via Santa Barbara Avenue.

The signage at University Drive and Santa Barbara Avenue indicates “Road Closed,” but the good news is that the parking lots are open and available. There is also designated ADA & Pedestrian Access from the parking areas to the Campus Core on the new sidewalk. Additionally, we have completed the new A10 Gravel Parking Lot in the south east corner of the campus at University Drive and Santa Paula Street, with 210 additional parking spaces for use.

We also want to remind those staff and faculty members who pay for their annual permit through payroll deduction, if they have not already done so, they must complete the Parking Permit Delivery form and return it to Police and Parking Customer Service to be issued their current annual permit.

For more information please contact Police and Parking Services Customer Service at ext. 8430.

Police Corporals Oversee Community Involvement and Crime Prevention Programs

The Police Department would like to announce that Corporals Ceci deSoto-Teunis and Corporal Kevin Medley, veteran police officers, were recently promoted to the rank of corporal and placed in charge of two very important functions of the department – Community Involvement and Crime Prevention. They serve the University community and make your learning and work experience at CSU Channel Islands a safe one.

Corporal Ceci deSoto-Teunis oversees the Community Involvement program which is formulated with the intent of identifying and addressing problems within all segments of the campus service population. The Community Involvement program philosophy is to proactively interact with the community and establish formal relationships with organizations that exist in the campus jurisdiction.

Corporal Kevin Medley is responsible for Crime Prevention, which involves distributing crime prevention material, staffing crime information booths, alerting and training constituents on how to best avoid future victimization, and providing input into the construction or remodeling of campus facilities.

Both Corporals, along with all the members of the Police Department and Parking Services, are available for any questions or help that you may need. The Police Dispatch Center is operated 24 hours a day seven days a week and there are always a minimum of two police officers on shift at the University.

Around Campus

Thanks from the Summer Conferencing Program

Housing and Residential Education would like to thank the campus and our community for the generous support of our Housing programs, specifically our Summer Conferencing program and resident move-in.

Thanks to everyone's support, Student Housing Conferencing was able to host ten conference groups this summer, including the National Hispanic Environmental Council from Washington D.C., and five weeks of soccer and lacrosse camps. Our conference guests included more than 500 high school students, many of which expressed interest in our campus as result of their visit. Additionally, these groups generated valuable revenue for Housing, which helps keep resident student fees down, as well as many campus partners, including Transportation and Parking Services, OPC, and Sodexo.

Reservations are now being accepted for the 2010 summer season, so if you have any leads, or would like any additional information, please let us know!

For more information regarding upcoming Housing and Residential Education programs, please contact Lisa Racine, Coordinator of Student Housing Conferences at ext. 3333 or lisa.racine@csuci.edu.

The Café's "lock out - tag out" procedure helps save energy by turning off and un-plugging all electrical appliances when not in use.
